Feedback Report

Academic Year: 2020-21

Prepared by

Feedback Committee

Feedback Report 2020-21

The institute aims to offer the best possible environment and learning experience to encourage students to explore their full potential for academic achievement. Students, teachers, employer and alumni play an important role in the evaluation, development and enhancement of the quality of this learning experience. Feedback from students, teachers, employer and alumni helps the college to evaluate syllabus and make changes as per stakeholders' requirements.

The Feedback Process has put an emphasis on the need for involvement of stakeholders in the quality assurance of higher education. Stakeholders' involvement requires that stakeholders should act as collaborators in, rather than merely passive receivers of, teaching and learning process. All the stakeholders' feedback data was collected and analyzed as per the following tables of the academic year 2020-21.
